

Do Not Scale

Capacitance Tolerance	min 1500pF
Environmental Classification	55/125/56
Dissipation	<4%
Rated Working Voltage	500VDC
Withstanding Voltage	1500VDC 1min
Current Rating	10A max
I.R. @ 100VDC	>5Gohm
Operating Temp Range	-55°C to +125°C
Bushing Matl	Ag plated Brass
Lead Matl	Tin plated Cu

Attenuation	
10MHz	5dB
100MHz	45dB
1GHz	70dB
10GHz	70dB

Soldering conditions 300°C for 5s max

Recommended installation torque:
 0.8Nm for clearance hole
 0.4Nm for threaded hole

Clearance mounting hole dia 5.1+0.2/-0

Tolerance +/-0.75		
	001	002
A	7.5	29
B	24.5	31

Ordering Info

FS-P1500-M5- -

Blank-no nut or lockwasher
 NT-supplied with nut & lockwasher

001 or 002 (depending on lead length required, see table opposite)
